

FIPanel 11.15B rev. 1

Functional overview

- 15 " TFT display, XGA resolution
- Robust aluminium front plate IP54
- Compact design
- Touchscreen (5-wire, analog resistive)
- Designed to hold additional buttons

Product designation

Product name:
FIPanel 11.15B rev. 1

Item no.
119909

Technical data

Electrical connection

Supply voltage	24 V DC
Permitted tolerance of input voltage	18 V ... 30 V
Power consumption	30 W
Current consumption	1.25 A

Operation

Display	TFT Colour 15", 1024 x 768
Touch	5-wire, analog resistive

Interfaces

VGA	Video input
DVI	Video input
USB	Touch port

Case

IP code	Front side: IP54, overall: IP20
Case type	Front panel installation
Permitted ambient temperature (operation)	0 °C ... +45 °C
Permitted ambient temperature (storage)	-20 °C ... +60 °C
Max. relative air humidity	50 % at 40 °C ambient temperature, free of corrosive gases
Weight (in kg)	4.4
Dimensions (in mm) W/H/D	400/394/65
